step, the vehicles which are more than 15 years old be de-registered

not be permitted to ply in NCR/Delhi, NOCs for de-registered Diesel

3. As per directions of Hon’ble National Green Tribunal, the Transport Department has already issued ‘deemed cancellation orders’ in respect of Diesel vehicles, which are more than 15 years old. It is, therefore, requested that the vehicle registration certificates of all the completed aged vehicles be surrendered to the Transport Department at the earliest.

4. Further, it is noted that many government departments/government undertakings/municipal corporations condemn their official vehicles, after completion of their age but requisite scrapping certificate is not furnished. It is pertinent to mention here that the VIP/fancy numbers allotted to government vehicles on free of cost basis and should be returned auction of these vehicles. The Vehicle Registration Certificates should be surrendered before the auction.

5. It is, therefore requested that the vehicle registration certificates all the completed aged vehicles be surrendered to the Transport Department.

6. Further, a clause be incorporated in the conditions of auction of completed aged vehicles that the purchaser will submit an undertaking that he will submit scrapping certificate within a period of one month to the concerned MLO of the completed aged vehicle he purchased through auction.

7. This may be given TOP PRIORITY.

Yours faithfully,
