# Delhi factory output rises by 13 per cent

EXPRESS NEWS SERVICE  
NEW DELHI, SEPTEMBER 8

THE OUTPUT of 3,183 working factories in Delhi increased by 13.7 per cent between 2011-12 and 2012-13, according to the report on annual survey of industries (ASI) in the year 2012-13.

The output of the working factories increased from Rs 50,900 crore to Rs 57,858 crore, stated the report, which was released by deputy chief minister Manish Sisodia Tuesday.

The number of employees in factories also increased from 1.19 lakh to 1.26 lakh in 2012-13. Out of 3,183 working factories, in 1426 factories, the number of workers in each factory was 100 or above, while in 204 factories the number of workers was 500 and above, the report stated.

Sisodia said the maximum number of factories, 527, were engaged in textile and apparel manufacturing, followed by 306 in wholesale and retail trade and repairing of motor vehicles.

According to the ASI report, six out of nine districts in Delhi registered a decline in the number of factories as compared to 2011-12. However, south and west districts witnessed an increase in the number of factories by 19.1 per cent and 11.4 per cent.

"As a whole, Delhi shows a growth of 6.55 per cent in the number of workers as compared to 2011-12. Highly industrialised districts, namely, south, west and north-west districts show an increase in the number of workers — 12.7 per cent, 7.2 per cent and 4.3 per cent, respectively.

Three districts out of nine have shown decrease in number of workers. These three districts are north (-18.4%), north east (-23.9%), east (-30.5%)," the ASI stated.
